

# Life Skills U

## *PLUS™ System for Professional Providers*

The PLUS™ System is for Professional Providers who wish to add Life Skills Education to their existing business.

*The PLUS System provides the space for clients to learn how to overcome fear and anger through numerous courses focusing on:*

- Parenting skills
- Finding spirituality
- Resistance to change
- Learning how to learn
- Overcoming emotional traps
- Building emotional intelligence
- Stress and conflict in relationship
- Addictions recovery and relapse prevention
- Overcoming and letting go of past beliefs, emotions and memories
- Creating environments that foster change, creativity and interdependence

*The Proven Educational Platform Provides State-of-the-Art Technology for your content, which allows for:*

- Brain Balanced Learning
- Whole Brain Thinking
- Transformative Learning
- Communication to the Conscious and the Non-Conscious without hypnosis
- All People "Can't Not Learn."

*The PLUS™ System allows for Professional Providers to:*

- Publishes their wisdom and teachings
- Partner with their clients through an educational program that empowers clients and enables the sharing of:
  - Decisions – what to do
  - Responsibility- take action
  - Accountability - results
- Lower client cost
- Increasing client loyalty
- Increased face-to-face rate
- Increase client understanding, compliance and application of information

*The Educational Program Eliminates:*

- Fear and uncertainty
- Controlling behaviors
- Blame for failed results
- Anger for the sake of anger
- Resistance to take action
- Power struggles for authority
- Selfishness and codependency

*The Educational Program Creates:*

- Shared authority
- Shared responsibility for action
- Shared accountability for results
- Increased awareness of self and others

*The Educational Program Allows Professional Providers to Build Self-Perpetuating Online Communities:*

- Offer prestigious courseware to keep your clients up-to-date and in-tune with your philosophy, concepts and approaches
- Offer on-line video comfort to do face-to-face on a one-to-many classes, discussions or webinars
- Invite clients / patients to co-create their knowledge and wisdom with you and others.

*Service providers offer clients:*

- A Grassroots approach
  - Invites clients to engage in a written process called a Wisdom Incubator in which learners learn how to write and publish their success in applying the life skills they have learned through your courseware and teachings.
- A foundational platform to prepare you clients for change by overcoming fear and anger
- Business outreach

*As a faculty member, you will develop your content and teach online...*
